P.O. BOX 263, St. Albert
Registration No. 1930

James Langevin and Lois Hole are being congratulated on their recent appointment to the Governing Authority of Athabasca University by the Hon. Robert Clark, minister of education. On the right is Keith Everitt, MLA for St. Albert.

Appointments announced to University Board

Education Minister Robert Clark has announced the appointment of three new members to the Governing Authority of Athabasca University.

Appointed to a one year term in office are Lois Hole, and James Langevin, of St. Albert and Merrill E. Wolfe of Edmonton.

Re-appointed to the authority are: Dr. S. Gordon Geldart, an Edmonton dentist; Rev. Edward M. Checkland, an Edmonton clergyman; Ronald Clarke, an Edmonton architect; Richard S. Fowler, former mayor of St. Albert; and Dr. A. Marino Kristjansson, academic planning officer for the Universities Commission.

Mr. Wolfe, president of Edmonton Motors, replaces The Hon. Mr. Justice Carlton W. Clement as chairman of the authority. Mr. Justice Clement resigned due to the

pressures of trying to combine his judicial duties with his responsibilities as

chairman.

Mr. Wolfe is immediate

Building Planned On St. Anne Street

Mr. Norman Shalagan of Gateway Electric Ltd. has tenders out for a new building 60 feet by 38 feet on his St. Anne street property. Of cement block construction, the front will be finished in fieldstone, and feature large windows, and doors for two sales outlets, extending back to about two-thirds of the building. Space at the rear will provide for storage.

Mr. Shalagan is looking at November for completion of the construction. He has operated Gateway Electric for 19 years out of his

present location at 46B St. Michael street.

Mr. Leo Alain, manager of St. Albert Savings and Credit Union announced Monday that the firm has purchased two lots on St. Anne street, across from Reggie's Hardware. Due to the accelerated growth of the Union, the move to purchase came earlier than originally planned. The lots are 300 feet deep and will provide ample parking facilities. No firm plans for building have been formulated as yet, but Mr. Alain expects the building will be larger than requirements, to include leasing space.

The Savings and Credit Union first opened its doors in December, 1963, in an office at the rear of what is presently Katrina's store on Perron street. In the spring of 1963 they moved to the Apex Building at 12 Perron street, and when still more space was needed they moved to their present location in the offices formerly occupied by the RCMP, at 18 Perron street.

The Credit Union budgeted for 3/4 of a million in assets by the coming year end, and present expectations are that this figure will be surpassed by a considerable amount. Assets of \$700,000 are expected by July 31.

100-unit townhouse complex approved for Grandin area

At their regular meeting July 5 council reviewed recommendations coming out of their June 28 committee meeting on a proposed development of a 100-unit townhouse complex in Grandin Park subdivision. Councilors had previously met with the developers in committee on June 28, when Armand Donalds with the consulting engineer and architect represented Grandin Park Developments, (a joint venture of Belvedere Developments and Integrated Building). They sought a development agreement for the complex on 87 lots south of Albert Lacombe School, an area between a single residential section on the east and a condominium zoning on the west.

Mr. Donalds advised council that his firm would be willing to build 29 ft. roads within the development, and then dedicate the roads to the town. Following considerable discussion on the merits of 20', 29' and 36'

roads, plus the economics of dedication, Coun. Lukay moved to inform the developer that the town is not prepared to take over and maintain the roads. Motion carried 5 - 2. The motion came before regular council meeting July 5 and carried 4 - 2 with deBruijn and Russell opposed. (Councilor Hudson was on holiday).

Discussion followed on five recommendations by planner John Woodroffe on the townhouse development. These covered brick elevations, chimneys and flues regulations, a six-foot chain link fence requirement on the line adjacent to the school, landscaping and bonding, and an item to ensure that the remainder of the block is not developed at a density higher than 12 units per acre. Committee's recommendation that townhouse development be approved in principle, subject to the five planner's conditions, carried unanimously at council July 5.

The matter of the unsightly premises at Jasper Auto Parts was further discussed at the July 5 meeting. Committee had recommended strong opposition to any expansion of the development on a 4 - 2 vote.

Coun. Russell hoped that council would reconsider the firm's plans for access and egress, was "sorry they were cut off cold." He suggested they be remanded to July 28. Mayor Gibson pointed out that, to allow the expansion, council would have to apply to the planning commission to rezone from agricultural to industrial, which if granted would then set up an industrial area next to a district intended for residential. Russell felt ways might be found to make the premises something slightly.

"The 20 year history of this site has been atrocious," said planner Woodroffe. "The last three attempts by council to get improvement were unsuccessful. If you can't work with them, then confine them, and there is no other solution in my view." Motion to oppose any expansion carried 4 - 2, with Kambour and Russell opposed.

Quebec families arrive in town

A group of five Quebec families, 26 people in all, arrived in St. Albert Monday evening where they are staying at the Star of the North retreat centre.

The group is travelling as part of a federal government exchange program, started this year. They will be here until Friday, July 16.

Last night the visitors were entertained at the homes of local families. A group meeting of St. Albert and visiting families is being held tonight at the retreat centre to discuss viewpoints of family life, the future of Canada and other topical subjects as seen at the grassroots level.

The French-Canadian families will be entertained at a barbecue Thursday evening.

Few people are suffering more frustration in the wake of the unrelenting rains this spring than those in the construction business. This home under construction on Marchand crescent had a foundation wall cave into the basement.

Texas choir here Thursday

The Youth Singers, a 35 voice choir from Wichita Falls, Texas, will present a hour-long concert at the St. Albert community hall, Thursday, July 15 at 7:30 p.m. There will be no admission charge.

The young people are on a bus tour of Alberta and have been helping out at vacation bible schools at

St. Albert and Slave Lake as their summer mission project.

The Youth Singers, who are directed by Jim Benson, are members of Lamar Baptist church in Wichita Falls.

The program will consist of contemporary religious songs.

Norman Shalagan, left, and Leo Alain talk over building plans in front of their adjacent properties on St. Anne street. They have agreed that both buildings will be set 10 feet back from the street, for complementary landscaping and frontage design.

School Boards prepared to justify position in dispute with ATA

There is a possibility that the schools in eight school systems in North-Central Alberta may not open this fall.

The 820 teachers employed by the school boards of Parkland County, Barrhead County, LacSte. Anne Coun-

ty, Westlock School Division Drayton Valley RC School District, Grande Cache School District, Jasper School District and Thibault CP School District have voted 90 per cent in favor of strike. The Alberta Teachers' Association, which is the official bargaining agent

for the teachers, may now withdraw the services of the teachers before or during the forthcoming school term by giving each school board at least two working days notice.

The school boards in rejecting the Conciliation Commissioner's Recommendation have taken a position which they are prepared to justify to their local community.

Any interested ratepayer may obtain a copy of the position (including the relevant costs involved) that is acceptable to the school boards simply by requesting it from the school board office of the jurisdiction in which he resides.

The school boards which are represented in bargaining by the North-Central Alberta School Authorities Association unanimously rejected a Conciliation Commissioner Recommendation which was handed down in late April.

The major objections of the school boards were to the recommendations concerning monetary issues and teacher working conditions. The teachers accepted the Conciliation Commissioner's Recommendation by a large majority.

Subsequent to the rejection of the Conciliation Commissioner's Recommendation, the representatives of the school boards met with the teachers, in the presence of a government mediator to express their concern on those matters which they found objectionable.

They clearly indicated that they were prepared to continue discussions and to negotiate on several of the

issues remaining in the dispute. The ATA representatives took a most rigid position by stating they were not prepared nor did they have the authority to recommend anything different from the Conciliation Commissioner's Recommendation to the teachers.

With this attitude, the school board representatives found it impossible to have any meaningful discussions with the teachers bargaining team. School boards are of the view that the teachers are threatening strike action as a tactic to achieve their own personal goals with little regard for the educational needs of the students.

The school boards representatives also feel that so long as the ATA continues in its rigid attitude of unwillingness to move to a position other than those specified in the Conciliation Commissioner's Recommendation, further discussions would be fruitless. They, however, stand ready for further talks whenever the teachers indicate a willingness to carry on serious negotiations.

VILLAGE OF DE LEGAL

NOTICE

Take notice that the Nuisance Grounds will be open for home refuse only - two afternoons weekly starting immediately --

WEDNESDAY FROM 1 P.M. - 8 P.M. and
SATURDAY FROM 1 P.M. - 8 P.M.

A caretaker will be present for the said days.

Agnes Montpetit,
Secretary-Treasurer.

Local girls are active band members

Bonnie and Brenda Campbell, of Legal, have been doing a fair amount of travelling in the past month.

Both girls have been members of the Edmonton Girls Pipe Band for five years and have competed in Highland games in various cities in the province.

Bonnie plays the bagpipes and Brenda the side drum. The band has done very well this year. They have won at each competition entered, placing third at Edmonton Borden park, second at the Red Deer Highland Games, second at the Edmonton Highland Games and first in the Calgary Highland Games.

They also performed at the Tatoo held at the Legislative grounds on July 1, and will be appearing in the Band Extravaganza on July 21, at Edmonton Clarke stadium.

The Edmonton Girls Pipe Band have also played for the children at the Alberta School for the Deaf. These children are their most enthusiastic fans. Even though they can't hear, they feel the vibrations and enjoy themselves immensely.

To close off the summer the band will play in the Legal Fete au Village parade. After a short break for the summer the girls will resume their activities for the fall and winter months.

Aime Boisvert dies at 60

Mr. Aime Boisvert, a former Legal resident, passed away on July 5 at the General Hospital. He was 60 years of age.

He leaves to mourn his loss his wife Della; two sons, Daniel, of St. Albert and Roland of Edmonton; one daughter, Mrs. M. (Rita) Williams, Fort McMurray; two sisters, Mrs. Marguerite Magnan and Mrs. Emma Garneau, Edmonton; two brothers, Noe, Fort St. John and Pete of Edmonton; and 13 grandchildren.

The funeral mass was celebrated July 10 at St. Emile's church, Legal. Reverend Father Pigeon officiated. Interment was in the church cemetery.

PEOPLE

AND

WHAT THEY DO

A GAZETTE FEATURE SERIES

by Hennie Stibbe.

The Gerard Van Leeuwen family: New Canadians

What makes a well established, affluent Dutch family decide to pull up its roots and move to Canada?

"I guess you could say that we just got to the point where we, as a family, stopped and evaluated the situation. We all enjoy the outdoors, love nature and we came to the conclusion that in tiny, overcrowded Holland with its 13 million people there is no longer available the space for living which we value above anything else."

So on April 28 the Van Leeuwen family, Gerard, his wife Nellie and sons John, 15, and Bill, 17, said goodbye to their many friends and relations at Amsterdam's Schiphol airport and set out for a new life in Canada.

"The idea of emigrating had been with us for many years," says Gerard Van Leeuwen, who, like his wife and sons has little trouble expressing himself in the English language. "We probably always knew in the back of our minds that we would be leaving Holland sooner or later."

And when Mr. and Mrs. Van Leeuwen visited Gerard's brother in St. Albert last summer, that was when they made up their minds. "When we saw the vastness of this young land, we knew this was for us," Gerard says.

"We were probably better prepared for emigration than most people," admits Mr. Van Leeuwen. "My brother came to Canada 16 years ago, we corresponded regularly and for the past several years he had been sending us the Edmonton newspaper."

"I was fully aware of the economic situation and realize that at my age (he is 45) it isn't easy to start all over again."

Gerard left behind a successful career in sales, a large home, car and all conveniences. People in Holland are enjoying a higher standard of living today than ever before and government pensions, family allowances and other benefits are excellent.

"But I am convinced that opportunities here are more plentiful, certainly for our boys." Mrs. Van Leeuwen adds that young, engaged couples in Holland in many instances have to wait for several years before they are allocated a dwelling. The housing shortage is acute. "If a young couple can't afford to build, they run into a lot of trouble."

John Van Leeuwen finished grade nine last month, and will be going to Paul

Kane in September, "if I pass, that is." He had three years of English instruction at school in Rotterdam, but agrees that "School English" isn't too useful. "People here speak differently," he finds. "Maybe faster and they don't always clearly enunciate each word." Interested in photography and classical music, he is looking forward to perhaps joining a band in the area.

"You know," he says, incredulously, "people don't push and shove here." The whole family is amazed at the way Canadians line up and calmly await their turn. "One day we watched a group of young people line up at a school bus stop," says Gerard. "The girls got on first, there was no crush and the bus pulled away in very short time." Hollanders tend to use their elbows a lot!

"The clerks in the stores are very polite and helpful here," Nellie Van Leeuwen adds. "In Holland you are lucky if you can get a shop girl to wait on you." She, too, is very much impressed with the friendly, relaxed Canadian way of life.

The eldest son, Bill, will be attending grade eleven at Paul Kane next term. He wants to go on to university. He agrees with his brother that the kids at school have gone out of their way to help them.

Eager to become one of the crowd he attended Paul Kane's graduation dance shortly after he enrolled at the school. Did he enjoy it? "Yes," he grins, "there were more girls than boys."

Reactions from their friends and relatives to the Van Leeuwen's announcement that they were moving to Canada was "very mixed," says Mrs. Van Leeuwen. "The phone would ring, and it would be one of our acquaintances saying: I've just heard the news, wish we were going, too, I wish I were in your shoes. Then, 10 minutes later, the phone would ring again, and this time it would be someone telling us we were ab-

solutely crazy to even consider such a thing."

"When Nellie and I came back from our eight week visit here last summer, the boys were waiting for us at the airport, and as soon as they saw us, they shouted: Dad, are we going?", remembers Gerard.

"I told them, we don't

know yet exactly when, but, yes, we are going." It took some doing, though. The family had several appointments at the Canadian emigration offices at the Hague, filled in endless forms and "there were a lot of loose ends to tie up."

Agonizing decisions had to be made as to what to take and what to leave behind.

The Gerard Van Leeuwen family, recent arrivals in Canada, at their home at 11 Marion Crescent: Nellie, John, Bill and Gerard.

the Gazette REFLECTS

Perhaps it began with the famed "Kennedy" presidential campaign, but in any event politicians and journalists have been making a considerable amount of noise in recent years over the phrase (now becoming a household word) - "participatory democracy."

Oddly enough the politicians who make the least noise about it, are the ones actually doing the most to make it work. They are the men in local municipal governments, both those elected and those on staff. Many are the telephone calls at all hours of the day and night that these people handle. And great is the variety of problems they are presented with by these calls.

Delegations are with them weekly, together with letters and petitions, from people who either want some special consideration or wish to oppose some action or policy. There is a firm basic two-way understanding between the local governments and their electors, who know each other better than is the case at provincial and federal levels of government.

However there is a weakness effective participatory democracy on the side of the citizens at large. In the main they do not participate until there is a problem in their own back yard. The people in Braeside are apathetic to the petitioner on a Grandia matter, as is true of those in Division 4 of MD Sturgeon on matters of concern to people in Division one.

This kind of apathy is far more marked at provincial and federal levels however, and if these senior governments are truly anxious to make participatory democracy work, they should immediately recognize municipal governments on an equal partnership basis. They have been asked to do so by the Canadian Federation of Mayors and Municipalities meeting recently in Saskatoon.

If such action is not taken by governments at the provincial and federal levels, the public will realize that all their talk about participatory democracy is indeed only "noise."

Councillors have their say

Having first turn around the council table when "new business" was reached on the agenda on July 5th, Coun. Russell moved that the developers be contacted with a view for further early discussion on the disposal of the 2.2 acres owned by them in Grandin Park reserve. Lukay said council should check with their solicitor prior to further discussion, on how soon they can complete the major lawsuit, with St. Albert Developers, and then meet the developers. Mayor Gibbon advised council that new information had come in Friday, which he believed was pretty well agreed to by St. Albert Developers. We are waiting now for word from Grandin Shoppers Park Ltd. he added. Russell's motion lost 4 - 2.

Councillor Kambouroff, representative on the health unit board, noted that a 20 page statement as prepared by the accounting firm Price Waterhouse had been re-

ceived. He also brought up the matter of town staff attendance at council meetings, since the motion some time ago that staff attend only if requested. If we have questions for staff they should be handled at committee meetings, as it is we are not doing our homework, but rather asking questions of staff, and taking too much time at regular meetings, he stated. Most councillors disagreed with this position. DeBruin had two items of new business: a motion that present policy on river frontage acquisition be referred to public works committee next week, carried unanimously. He also wanted the bylaw regarding certain park areas referred to staff, with a view to establishing just what river frontage council should be looking at.

Councillor White wanted the engineer to explain the awful curbs in the parade of homes area. Mr. Maandag said in the light of

Conservative plan would aid small farm and business people

Peter Lougheed, Alberta Progressive Conservative Leader, has announced that a Progressive Conservative government would rebate the provincial portion of capital gains tax paid upon death for small and medium sized family farms and enterprises.

"We are committed to the objectives of preserving the family farm; strengthening small business; and increasing the degree of Albertans' control over our own

economy. In our view the new tax proposals by the federal government are directly at odds with these three important objectives. The proposed elimination of

estate taxes (75% of which is now rebated in Alberta) and replacement with a 50 per cent capital gains tax imposes a severe tax burden upon transfer of the

family farm or family business to the children of the owner at the time of his death.

"For example, if the farm or business had grown in value between the enactment of the new tax measures and the time of death by \$50,000 the children would have to find the cash to pay three times the total amount of tax now required to be paid. The result in many cases would be that, instead of preserving the family farm and strengthening small business, there would be an increase in larger corporate farms and a reduction in the degree of Alberta ownership of our own economy."

SMALL BUSINESS HIT HARD

"Contrary to much of the initial reaction to the federal budget tax proposals, more detailed examination of the measures indicate that the result will be a reduction in incentives for small business in Alberta. For some 6,000 Alberta firms earning a corporate income under \$35,000, there would be about a 20 per cent increase in taxation as the tax rate increases from 21 per cent to 25 per cent. This province has to shift from our over dependency upon oil and gas to a more diversified economy. Hence, small business will have to be the foundation of such a shift. This increase in taxation for this segment of our economy is undesirable here in Alberta."

"This capital gains adjustment scheme will be part of an "Income Tax Adjustment Act" that a Progressive Conservative government would legislate to create a

series of incentives for growth, and to reward initiative and risk-taking. This capital gains adjustment is only one of the measures that we intend to include in our tax proposals over a period of time."

WOULD AID SMALL OPERATOR

"The immediate advantage of a capital gains adjustment will be to provide some relief to the family farm or family business where the father leaves the farm or business to his children. The act would have an upper limit on the extent of the rebate on a graduated basis as the scheme is designed essentially for small and medium sized operations."

"If the increase in farm land values experienced generally in Alberta continues despite the reduction in net farm income, the son would quite probably under the new federal tax proposals be forced to sell the farm to raise the cash to pay the capital gains tax. Similarly a family business that reinvests its profits as it generally needs to do over a period of years could be faced with a similar forced sale."

"An Income Tax Adjustment Act containing capital gains rebate provisions, should prove to be an effective vehicle to offset these undesirable consequences. The exact degree of the effectiveness of this measure will depend upon the ultimate revisions in the revised federal-provincial tax sharing negotiations and capital gains tax revenue sharing in particular. These will not be determined for many months."

Around Town

All local golfers are invited to take in the four-ball mixed foursome at the Sturgeon Valley Golf Course on Sunday. The tournament will be followed by a steak barbecue and refreshments, with everything provided except the cutlery. To register for the event telephone the clubhouse before Friday, and bring your own knife, fork and spoon. Play begins at one o'clock.

Bernice Parsons, of 10 Sorrel Crescent, has been awarded the Atomic Inter-provincial Transport System bursary, the U of A students awards office announced today. The \$200 bursary is awarded to a student finishing first year Phys. Ed., based on academic standing and financial need.

Newcomers

We welcome the following to St. Albert:

Mr. and Mrs. E. McCuaig and family; Mr. and Mrs. W. Carlson and family of Braeside.

Mr. and Mrs. P. Ance and family; Mr. and Mrs. K. Braun and family; Mr. and Mrs. M. Jeffreys and family; Mr. and Mrs. R. Stewart and family of Ridgewood Terrace.

Mr. and Mrs. R. Nielsen and family of Mission Park. Rev. and Mrs. N. Gordon of Grandin Park.

Mr. and Mrs. L. Gordon; Mr. and Mrs. P. Les and family of Lacombe Park.

experience it had been decided not to approve any more pre-cast curbs. "I hate to say 'I told you so,'" said Lukay, "... but..." and he recalled the engineers' statement last fall, when he said he would stake his reputation on his decision to approve the curbs. White also observed wryly that if nothing is done on Glenhaven crescent, "we will soon have two swimming pools in St. Albert." Mr. Maandag was asked to get the hole in question filled.

Lukay, chairman of the transportation committee used part of his new business time to tee up a July 14 meeting of the committee. He also moved that council discuss landscaping agreements with Mr. Beedle present, at new public works and finance committee meeting. Vote was unanimously in favor.

The mayor moved that in future committee meetings be opened to the Gazette for continuity purposes, except for expressly confidential meetings. I support the motion said Russell, but it is unfair to have just one form of the media - the Edmonton Journal for example should have the same privileges. The mayor pointed out that council has the assurance of the Gazette that information will not be released prior to approval of regular council meeting, and that the paper had proved their responsibility over three years. We have no such assurance from the Journal, he concluded. Motion passed unanimously.

Mayor Gibbon also tabled a report he prepared on the convention of Mayors and Municipalities. He advised that a special meeting may be necessary if and when the attorney-general approves the appointments to the police commission. Remuneration requirements will be the responsibility of council.

The Welcome Wagon Newcomers Club recently presented a cheque in the amount of \$300 to the Sturgeon General hospital pediatrics department. Making the presentation to hospital administrator Gordon Townend is Pat Christensen, vice-president of the club. Also present were Hollie Baker, June Leggett, Welcome Wagon hostess, and Doreen Gare.

COUNCIL

Continued From Page 1

Council unanimously approved an application by J. A. Evans for gas pumps and pump-house at 192 St. Albert Road, providing a 45 foot road allowance is dedicated along the total width of the front, and that the pump island be set back 10 feet from the service road.

Recommendations for amending the Mobile Home regulations as proposed following an Edmonton Regional Planning Commission study were also given unanimous assent by the meeting.

Chemical firms hunt for growth

Wanted: new products, new lines of business. Will consider purchase or other arrangements. Several major Canadian chemical companies may be close to running such an advertisement. The only reason they have not yet done so is because they prefer to do their own search and negotiations in strictest secrecy. But it's no secret in the industry that the search for new products, new lines of business, has reached the urgent stage for several firms. Special corporate teams headed by vice-presidential level officers have been set

up to search for promising new situations. "We need some new, better-margin growth lines to enhance our earnings performance over the next three or four years," a Montreal-based chemical executive said.

A theatre manager, who had little success in getting women to remove their large hats during the show, solved the problem by flashing the following announcement on the screen: "Elderly ladies need not go to the trouble of removing their hats."

New breed of pig has marked success

The proof of the pig is in the pork.

A Lethbridge, Alberta, butcher had this maxim appropriately pointed out recently when he tried displaying a new variety of pork chop.

"I couldn't cut the loins fast enough," said A. G. Brown, a meat cutter with 37 years experience. "These are by far the best hogs I have seen," he added.

The loins he refers to were carved from a new type of pig which Mr. Brown bought as an experiment.

The pigs were selected at Cameron Farms, a nearby Hutterite colony, and slaughtered in Lethbridge.

Cameron Farms pig boss John Hofer said the pigs are an experiment with him, and he is seeing a payoff much sooner than he expected.

CALGARY VET

For Dr. John Alman, a 34-year-old Calgary veterinarian, the experiment began 20 years ago. He took an interest in pigs as a school boy, and carried this interest through veterinary college at the University of Washington, Pullman.

He has held a number of posts in the hog business, and at one time was manage-

ment director of the Tripp-Way Corporation in Colorado, one of the largest suppliers of hog breeding stock on the continent.

CONFINEMENT REARING
Studying the hog business from breeding to marketing, Dr. Alman has capital-

ized on research which preceded his time, and with some adaptations of his own, is convinced he has found a method of profitable hog production. It is based on total confinement, disease

past president of the Edmonton Chamber of Commerce, past president of the Alberta Automobile Dealers' Association and a former member of the Alberta Universities Commission.

Mrs. Hole has been active in educational matters in the /S.T. Albert district for a number of years. She has been a member of the Sturgeon school board for four years, where she serves on the finance and salary negotiating committees.

Mr. Langevin is a recent arts graduate of the U of A who plans to study medicine. He is the son of Mr. and Mrs. Joseph Langevin of St. Albert and married the former Rose Anne LeBlanc on June 19. He is 21 years of

age and will be the student representative on the Board.

Mrs. Hole and Mr. Langevin replace Marilyn Pilkington Shaw, a former president of the U of A Students' Union, and Dr. T. C. Byrne, former deputy minister of education.

Mrs. Shaw and her husband are leaving their home in Calgary to live in Toronto where she plans to study law at the University of Toronto.

Dr. Byrne became a statutory member of the Governing Authority when he was named president of Athabasca University.

The new Governing Authority was established through an order-in-council passed by the provincial cabinet July 8. Term of office of the previous body expired June 25.

Calahoo stops Atlas win streak

A double by Pee Wee Quintal in the sixth inning drove in Ken Stevenson and Hector Berube, allowing the Calahoo Chiefs to score an upset 7-6 win over Atlas Sports Centre. This was only the third loss of the year for Atlas.

Atlas took a 2-1 lead in the first inning on a walk to Rick Richardson and a run scoring double by Ken Payne. Payne then scored on a sacrifice fly by Glen Ward. Calahoo scored their lone run on a single by Pee Wee Quintal and scored on Roger Berube's fly to deep centre. Atlas went ahead 4-1 in the third with three hits with Butch Bouchard driving in two with a double. Chiefs came back with three of their own in the fourth, also picking up three hits including doubles by Roger Berube and Ticker Quintal. Atlas picked up single runs in the fourth and fifth innings to take a 6-4 lead and appear to have their ninth win of the year. Atlas starting pitcher Charlie Jarvis lost his control in the sixth and Calahoo started their move. Roger Berube lead off with a single to right and scored on Ken Stevenson's single. Hector Berube also singled to advance Stevenson to third. Pee Wee promptly doubled in both runners and put the Chiefs off in front 7-6. Atlas had something going

in the last inning as K. Garinger pinch hit a single into right field and went to second on a single by D. Hermanson. With two out Don Fender grounded out to short and was thrown out at first to end the game. Pete Turner picked up the win coming in at the fifth inning in relief of starter Ticker Quintal.

Other Sturgeon fastball action saw CJD Implements, behind the strong pitching performance of Dick Bird, shut out Spruce Grove Panthers.

Bird recorded 11 strike outs and also singled in the only run of the game in the last inning. Larry Cote led off the seventh with a double and scrambled home on

Bird's single. Bird was near perfect on the mound as he faced only 22 batters (one more than the minimum) and in the second, third and sixth innings struck out two batters. In the seventh he struck out the first two men before allowing the only hit of the game for the Panthers. He then struck out the next batter to end the game.

Villeneuve handed Grandin Esso their 10th loss of the year as they came from behind for a 13-6 win. Grandin started off the game with two runs in the first and increased this to 6-2 after four innings. Winning pitcher Stan Peck shut them out the rest of the way as his mates scored 11 runs to win going away.

Pete Turner Ticker Quintal

St. Albert Tennis Club keeps busy

There are two upcoming events of interest to St. Albert Tennis club members.

The first is a social winner roast for senior members only (over 18), which is to be held Saturday, July 17 at 8 p.m. The charge is 75 cents per person and the location is as yet undecided, depending on weather conditions.

Members wishing to attend are asked to contact Fraser Fairweather (with a name like that, surely it can't rain?) at 599-7087 on Saturday.

The club is also planning its second novelty doubles of the season. These have proved to be very popular in the past, because all calibre of players may enter. This event will be held on Wednesday, July 21 at 6:30 p.m. sharp.

Tournament wise, the St. Albert Tennis club has been doing well. In the senior city and district championships Berrice Parsons made it to the semi-finals in the B singles. She and her sister Roberta were semi-finalists in the B ladies doubles.

Judy Wood is still a semi-finalist in the Bulletin Cup event. This event is open to anyone who has not previously won a city or provincial title.

Fred Rudolph was a semi-finalist in the B mens singles. In inter-club play the B team

won their last two matches with Royal Glenora by identical scores of 2-1. Cynthia Page and Clark Warren collected the win for St. Albert in the first match while John O'Connor and Fred Rudolph picked up the St. Albert win second time around.

The A team, composed of Betty Ontkane, Judy Wood, Dave Kirk and Clark Warren,

lost their first game of the season 4-0 to Garneau. The competition for both teams continues to mid August.

Any juniors wishing to play in the city junior tournament may call Berrice Parsons at 599-3803. Play is slated for July 26-29 at Coronation Park tennis courts. Deadline for entries is Wednesday, July 21.

Sunburst League in trouble

The Sunburst Baseball League is in turmoil.

After rain cancelled some 20 scheduled ball games, a revised schedule was drawn up a week ago. Now this schedule is already useless since the coming of more rain, and a third schedule will be drawn up.

The result is that nobody knows which games shall count for four points, and thus nobody knows how many games any team has won or lost.

Leduc Oilers claim to have played four four-point contests. League president Gordon Bligh says he has only been informed of one official four-point game - and it does not involve Leduc. Thus there should be much discussion if and when

the matter of four-point games is ever taken to a meeting. Until then, team standings cannot be determined.

Golf Reminder

Telephone the clubhouse before Friday if you plan to take in the two-ball mixed foursome at the golf club. The tournament Sunday will feature a steak barbecue with refreshments.

Swim with a buddy. It's more fun and much safer. Keep in the swim with Red Cross water safety all summer long.

CALAHOO FASTBALL TOURNAMENT

The Calahoo Sports Association will hold an eight team mens fastball tournament July 24-25 at the Calahoo sports field.

Action gets under way on Saturday at 10 a.m. with Calahoo playing Spruce Grove Panthers.

The noon draw has Stony Plain going against New West Comets while at 2

p.m. Town and Country takes on Park Hotel.

Villeneuve and Atlas Sports Centre play the final game at 4 p.m.

The Calahoo Sports Association have built a hall for entertainment just south of the ball diamond and a festival will be held Saturday night with entertainment.

Sunday's game will start at 10 a.m. with the final scheduled for 6 p.m.

Supper will be served on Sunday from the new cook house.

Calahoo have also started work on a second diamond although play on it will be delayed due to the rain.

Fastball tournament to be staged here

Atlas Sports Centre of the Sturgeon Fastball League will hold a 16 team fastball tournament and festival July 17 and 18 in St. Albert.

Games will be played on the Mission baseball diamond, behind the Catholic church and at St. Albert High. The festival will be held in the Catholic church basement Saturday, July 17 regardless of the weather. There is a limited number

of tickets available at \$3 per person from Don Fen-

der at 599-8936 or Ron Serra at 455-9028.

tournament schedule

SAT. JULY 17 - 12 p.m. Spruce Grove Eagles vs. New Sarepta; East West Travel "A" vs. Grandin Esso; Summit Engineering vs. CFB Namao; Clover Bar vs. Spruce Grove Panthers.

SAT. JULY 17 - 2:30 p.m. Windsor Bowl vs. Atlas Sports Centre; Salisbury vs. Manning Maroons; Stony Plain vs. CJD; Calahoo vs. New West Comets. Semi finals will get under way Sunday at 10 a.m.

ST. ALBERT RECREATION HI — LITES

SWIMMING:

Anyone attending the pool must have noticed the trophies on display. The St. Albert Salifish added yet another one to their collection on Sunday last when they won the relay meet at Camrose.

In a keenly contested meet they were first out of a "field" of teams from 10 different towns, 40 points ahead of Camrose who were second. There were altogether 32 different events and of these St. Albert came first in 16.

In a relay meet especially, there are no stars and on Sunday our young swimmers proved once again that in team spirit and team work they are second to none.

Information about instructional classes in August is contained in a separate advertisement in this issue. Registrations will be taken in the Clubhouse (beside the swimming pool) on Thursday, July 29 and Friday, July 30 from 6:30 to 8:30 p.m., one each day. There is no pre-registration and it is suggested that anyone going on holidays at that time ask a friend to take care of registration.

Registrations for the Bronze Medallion course scheduled to start on July 26 are being taken at the pool

now. The minimum age requirement is 14 years. Anyone holding a Bronze Medallion is reminded that this course provides an opportunity for obtaining a bar to the qualification.

Sunday, July 17, being the third Sunday of the month, will be the next opportunity for those who are interested to find out if they can swim a mile or not. All it costs is some confidence — as well as the usual admission to the pool — and if the distance is covered within a

certain time, a crest will be available at the change. Nine o'clock in the evening is the time for the moment of truth and registrations are being taken at the pool.

DIVING:

There are still some openings in the diving classes being held during the two-week session July 19 — 30 between the hours of 5 and 7 p.m. The cost is \$3.25 for the course; classes are kept small.

Winning pitcher Stan Peck gets set to line a single into centrefield as the Villeneuve Club upset Grandin Esso 13 — 6.

Debs in second place

St. Albert Debs won three games last week to move into second place in the Ladies Fastball League in Edmonton.

On July 6 the Debs clobbered Chemco Fibrettes 32 — 10 with July Bischler and Rita Roque hitting home

runs, Carol Ehlericht was the winning pitcher.

July 7 saw the Debs score a 14 — 8 win over A & E Silhouettes with winning pitcher Trudy Fletcher hitting a homer.

The Debs made it three in a row with a close 11 — 8

win over the favored CJCA Tigerettes July 8th. Bea Broualt pitched the victory.

Second Division		
Roslyn Rockies	7	4
Chemco Fibrettes	5	10
CJCA Tigerettes	5	10
St. Albert Debs	1	4
Canada West	2	4
A & E Silhouettes	1	2

BANTAM PLAYOFFS

St. Albert Cubs took a one game lead in the best of three bantam series with a close 5 — 4 win over the Orioles.

Orioles started off fast with two runs in the first inning but Cubs quickly tied it up. Cubs then took a 5 — 3 lead going into the last inning, only to see the Orioles score one run and have

Roger Bellel at third with two out. With a full count on the batter, Bellel broke for home but was tagged out by Cub catcher Matt Lister.

Tom Parayko was on the mound for the Cubs while Tom Millman took the loss.

Next game will be played tonight at 7 p.m. on the Mission diamond.

Gymkhana

The Gibbons Sunday School Circle, meeting recently at the home of Beverly Hood, completed plans for the gymkhana and horse show the group is sponsoring July 17 at the community grounds. Activities get underway at 1 p.m. A concession booth will be in operation and classes for all ages will be featured. Judge is J. Kearns.

Shamrocks whip Saints

Burns Shamrocks scored a 14-7 win over St. Albert Saints in a Sunburst Baseball League game Thursday.

Bud Pyluk picked up the win in relief with Pete Jensen taking this loss. Bob Van Loon homed for the winners with Ross Speers hitting a home run for St. Albert. Larry Brandenberger came up with four hits for Burns.

In the other game Northgate Shell stopped Weiler-Williams Collis 13-4. Al Pecklevin as the winning pitcher.

Young mother: "I just returned from a pleasure trip."

Neighbor: "Where did you go?"

Mother: "Drove the kids to school."

Baseball playoffs delayed

Northern Alberta playoffs in midget, bantam and beaver baseball classes, have been set back one week due to rain.

The Alberta Baseball Association announced today that most playoffs in these categories will begin July 25, rather than July 18 as originally scheduled.

"League schedules have been so disrupted by the rain that it would be virtually impossible for some leagues to declare a legitimate winner by the original playoff kick-off date," explained ABA president Ron Hayter.

Here are the playoff draws for the Central, Northern and Peace River zones:

BANTAM
Central Zone
Olds at winner of Big Country League. Winner of Central Alberta League at Sherer. Home-and-home series to open July 18 and conclude July 25, with the winners playing a best-of-three playoff August 1 and 8.

Northern Zone
Winner of L and S League at St. Albert. Winner of Edmonton Federation at winner of County 29 Park. Eastern division winner at Westlock. Jasper at Burnhead (July 18 and 25).

June hail activity returns to normal

Hail was reported from somewhere within the Alberta Hail Studies Project area on 22 days in June, equalling the highest number recorded in several years prior to 1965. The number of occurrences reported by farmers living within a 100 mile radius of Penhold was over 500, somewhat below normal, but much more than in recent years.

It thus appears that hail activity in June this year returned to more normal values typical of the late

1950's and early 1960's. Most of the hail was small and only on two days was there any significant amount with sizes walnut or larger, namely the 13th and 25th of the month. Thirty reports of big hail were received on these two days and accounted for nearly all the serious damage to crops.

On all the other days, the spotty nature of the hail and the small sizes produced little in the way of significant damage this early in the growing season. Exactly

half of the observed hail falls contained some soft hail — another factor accounting for little damage.

In the southern part of the province between Calgary and the U.S. border there was very little hail. It only hailed on nine days during the month of June, and the largest reported stones were walnut size on the 22nd and 23rd. No serious damage to crops was reported.

Town of St. Albert DEPARTMENT OF PARKS & RECREATION GROSVENOR PARK SWIMMING POOL

INSTRUCTIONAL CLASSES 1971

RED CROSS (all levels)

CHILDREN & STUDENTS: The next two sessions of lessons will be held from August 3 — 13 (with classes on Saturday, August 7 because of the August 2 holiday) and from August 16 — 27. Each two week session will run five days per week with classes scheduled between the hours of 8:45 a.m. and 12 noon.

ADULTS: Classes will be offered between 6 and 7 p.m. on Mondays, Wednesdays and Fridays in a session starting on Wednesday, August 4.

MOTHERS & PRE-SCHOOLERS: Two sessions — August 3 — 13 and August 16 — 27 with classes five days per week from 11:30 — 12 noon each day.

DIVING: Two sessions: August 3 — 13 and August 16 — 27 with classes five days per week scheduled between the hours of 5 and 7 p.m.

REGISTRATION

THURSDAY, JULY 29 and FRIDAY, JULY 30 FROM 6:30 — 8:30 P.M.
IN THE CLUBHOUSE (BESIDE THE SWIMMING POOL)

REGISTRATIONS FOR R.L.S.S. CLASSES ONLY ARE BEING TAKEN AT THE POOL FROM NOW TILL JULY 25

A visit to Pee Wee Quintal's farm home in the Calahoo district can turn out to be a wildlife experience. Charlene Berube and Shane Quintal are shown with the three wild Canada Geese who are fully bilingual and "culturally adjusted" to the domesticated pair. In top photo "Chad" the owl turns a knowing eye on wildlife youngsters Shane Quintal, Robin Anderson, Cheryl Quintal and Charlene Berube.

Calahoo W.I. News

The regular monthly meeting of the Calahoo WI was held at Elsa Lischewski, June 22. The meeting was attended by 13 members and 11 visitors. June is visitors month for the group who had invited Roydale WI from Sanguo.

Four members from there attended.

Guest speaker, the Reverend C. J. Smith, who is head of the Leprosy Mission, Edmonton, presented a slide show and filmstrip outlining the work of the Mission. Donations to further this work may be sent to Reverend C. J. Smith, 9215 - 77 Street, Edmonton 82.

The WI presented Rev. Smith with a quantity of used stamps. Proceeds of the sale of these stamps go to the Mission.

Rev. Smith said he would be pleased to address any group in the area and show films on the Mission's work with the lepers.

The roll call was used stamps and something old. Many brought keepsakes, one of which dated back to 1827.

The Calahoo WI will be selling tickets in aid of the office fund. The draw to be made at the handicraft tea at Stony Plain, October 28. Tickets are 25 cents each.

AROUND STURGEON

Calahoo's mens' fastball club has been busy improving its image over the past week. Following their upset win over Atlas Aluminum, club members adopted a new name, Pearl Quintal was

given the honor of making the announcement at the B.I. recreation centre Monday evening, that henceforth the club will be officially known as the "Calahoo Chiefs."

BON ACCORD ACTIVITES

By Sadie Allen
Debra Uchacz, of the Bon Accord 4H Sewing Club attended Vermillion School of Agriculture last week as the local delegate to 4H Club Week.

Mr. and Mrs. Tom Lewis have as guests Mrs. Lewis's brother-in-law and sister, Mr. and Mrs. Reg Ozon and family of Dartmouth, N.S. and brother William Lindsay of Stewiack, Nova Scotia.

The bantam fastball girls have been busy playing exhibition games in preparation for the provincial playoffs. On Tuesday, July 6, they scored a win over Dovercourt in Edmonton and on Thursday were victorious over Atholone at Bon Accord. After the game, the Bon Accord girls and their parents entertained the visiting team at a wiener roast at the home of coach, Gail Critchley.

In their first play-off series held on July 11, a large and enthusiastic crowd turned out to cheer the girls on to a double win over Hollyrood with scores of 19 to 15 and 39 to 11. Winning pitchers were Jacqueline Morris and Karen Draper. The next series will also be played at Bon Accord. The date is not known at this time.

Get well wishes go to Norine Hodgkins at the University, Joe Kryschuk at the General and Dorothy George at the Sturgeon General hospitals.

Mr. and Mrs. Jack Milligan held open house on July

4 in honor of their daughter Mary Leah and husband Kees de Swartz, whose marriage took place at Fort Francis, Ontario on June 1. The young couple will make their home in Fort Francis.

An unplanned family reunion is being enjoyed by Jim and Jean Nobbs with the visit of children Cpl. and Mrs. Wayne Coubrough and family from Summerside, PEI; Prof. and Mrs. R. A. Nobbs and family of London, Ont.; Capt. and Mrs. R. J. Nobbs and family in transit from Barrington, Ont., to Chilliwack, B.C.; Jean's brother, William Cameron along with Mrs. Cameron and children from Burnaby, B.C., are also visiting.

May and Irwin Strawson motored to Herbert, Sask. to attend the wedding of their son, Constable Robt. Strawson, on July 10. Others attending from the district were Keith and Thelma Everitt, Archie and Ruby Schneider, Art and Alice Strawson and Frank and

Margaret Rigney of Gibbons

Congratulations to Judy Abranski who has been chosen to attend the 4H Jr. Leadership Seminar at Goldeye Camp. We hear Judy has been pretty busy winning ribbons at various horse shows and gymkhanas being held around the country. We'll be able to see her and other horse enthusiasts in action on July 17 when they will be doing their stuff at Bon Accord.

July 17 and 18 is the date of the baseball tournament at Bon Accord with eight teams taking part. The bantam girls fastball team will play an exhibition game on the 18th.

Joyce Rigney of the 4H Sewing Club is enjoying a trip to Comox, Port Alberni and Ladysmith on Vancouver Island, courtesy of the Royal Bank.

The 4H Beef Club will hold their Achievement Day on July 19 at 12:30 p.m. at the Bon Accord skating rink. On July 20 4H steers will be on show in Edmonton in the morning and will be sold in the afternoon.

Personnel manager to applicant? "It's the type of job that may give you ulcers but our hospital insurance covers that nicely."

No more benevolence

The Post Office isn't advertising the fact, but it looked the other way for the first few days this month when first-class mail with inadequate postage went through. The letter rate went from six cents to seven cents on July 1. However, the legislation legalizing this move was passed and received royal assent only one day earlier. This meant the Post Office lacked time to advise all stamp sellers officially of the rise. And it couldn't get the new stamps completely distributed by last Friday morning. However, the legal groundwork has been laid

for the next increase to eight cents on January 1. That means even if it is Christmas season, you shouldn't expect the Post Office to repeat its mid-summer benevolence.

Sunfish... the fun-to-sail boat

Even nippers can be skippers

Youngsters, oldsters, in-betweeners... everyone gets in on the fun with these six little "fun-to-sail" boats with the blazing striped sail and ubiquitous Sunfish emblem.

This summer you too can flaunt your sails to the four winds. This tidy little craft is easy to rig, handy to carry, a cinch to store, and as safe as your bathtub. Both hull and mast are unbreakable, being filled with flotation.

Ask the family that owns one... or two. They're surprisingly inexpensive. Nothing outfuns a Sunfish. See your dealer and join the crowd.

As I See It

By Rose Martel

By Rose Martel

It is still a man's world or so we women have been told or reminded everytime the opportunity affords it. The International Conference of Business and Professional Women, held in Edmonton last week attracted 1,400 delegates. They came from 39 countries, from all walks of life and different occupations. Many races, colors, religions and creeds were represented at the convention, the 12th to be held.

The BPW proved that they are not a lobbying group for women's lib, nor are they shouting for abortion on demand, nor are they bent on remodelling the world. Their aim is a simple and true one, a positive step for humanity.

Hopefully these women in their methodical way will be able to gain support through other organizations and with the help of understanding

people will be able to influence the attitudes of governments, be they federal provincial or municipal, to provide better living conditions for all people of the world.

Since men, in great majority, are the leaders of the world, in governments, in church, in education and in medicine, time has come now that the steady and ever increasing influence of women in world affairs, local governments and church groups must be acknowledged and respected.

Women do make a worthwhile contribution to mankind in many fields of endeavor and should refuse to be classed as inferior individuals in the business world, politics or organizations.

If men want to keep the title of being the "head of

the home" then it is high time for them to take another good look at the world that they have built, dominated, and fought for.

The governments of the world, the religions of the world, the politics of the world reflect only the ambitions of world leaders, like Julius Caesar, Louis XIV and Henry VIII; Luther, Lenin, George Washington, John A. MacDonald, Richelieu, Winston Churchill and Gandhi to name a few, are responsible for any changes in history of the world. Women too, have contributed to make as leaders, and in many countries they are now doing so. Countries such as Israel, India, Russia. They can help make our world a better place for all human beings - even for men.

Boissonnault-Benoit vows solemnized at Morinville

By Rose Martel

Before an altar decorated with baskets of red peonies, Rejeanne Benoit, daughter of Mr. and Mrs. Yvon Benoit of Vegreville, and Hormidas Boissonnault Jr., son of Mr. and Mrs. Hormidas Boissonnault of Morinville, were united in marriage in a double ring ceremony.

The Reverend Father Georges H. Primeau officiated at the evening ceremony.

Given in marriage by her father the bride chose a white crepe gown in A-line style, featuring long chiffon sleeves and back train and a high mandarin collar with a daisy lace bodice trim. Her shoulder length veil was folded in bouffant style and was held by a cluster of tiny white satin roses. She carried a cascade bouquet of yellow roses.

The bride was attended by Paulette Boissonnault, sister of the groom, Patricia Ballard and Marie Benoit of Vegreville. They wore identical mint green crepe gowns, featuring cuffed long sleeves, high collars and white daisy lace trim. White accessories complimented their gowns, and each carried a nosegay of yellow baby carnations.

The best man was Bernard Meunier and other groom attendants were Roger Dubuc, stepbrother of the bride, and Billy Letendre.

Soloists were Rachel Bulger and Andre Meunier. Rev. Sister Tarcienne Boissonnault was organist.

Following the church ceremony, an evening social for 400 invited guests was held in the Morinville Centre.

For her daughter's wedding Mrs. Benoit chose a pink print ensemble with matching

A meek-looking little man obviously nervous, entered a women's beauty salon. An assistant approached and asked him what she could do for him.

"Er - could you spare a long blond hair for my shoulder?" he asked timidly. "I want to make my wife jealous."

ing coat, white accessories and yellow roses encourage. Mrs. Boissonnault welcomed the guests in a green and orange fortel ensemble with matching coat, and a tinted rose corsage. Her accessories were white.

After a motor trip to B.C. Mr. and Mrs. Hormidas Boissonnault Jr., will make

their home in a new house on the family farm in the Morinville district.

107 St. North of Jasper

By Liz McLeod

Mr. and Mrs. Fred Labonte's son Eli and family were home for a visit. Their daughter Edith and husband Leonard Keller and family from Fort McMurray are presently visiting.

Louise and Gordon Gallagher have sold their home and have moved to Ontario. Denise and Randy Heap are the new residents on the Gallagher place.

Mrs. Bill L'Hirondelle and children Wanda, Colleen, Weida and Merle are home for the summer. Bill will follow later. The family lives in England while Bill's employment takes him abroad.

Colleen L'Hirondelle visited Denise Paquette. The girls correspond regularly.

Clara Loyer answered the phone late the other night to hear her daughter Theresa's voice saying all was well and that her husband Stu Anderson is being transferred to Edmonton shortly.

Lucienne Vader had a pleasant surprise when her late husband's sisters came to visit. From Calgary, Mr. and Mrs. Ted Hughes stopped off at St. Albert first where they called on Ann Vader, Jean Armstrong and Alice Warren from Onaway and Jean's daughter Gwen were the other visitors.

One way of getting one's chimney clean is having a duck fall into it. Pete McLeod experienced this and the ungrateful duck hissed and pecked Pete's hand. Pete managed to pull it out and carry the duck to safety at the water-hole before the cats could make a meal of it.

This same week a duck was wandering around Gordon and Emella's basement. The recent rainstorms perhaps were a cause. Its great weather for ducks but a fella can hardly manage choring.

The hailstones weren't welcome. Calahoo got some size of walnuts that caused a lot of damage. North of the Sturgeon the storm tapered off and while the hail was a good size, there wasn't too much wind.

MD Sturgeon reviews engineering studies

MD Sturgeon council heard engineer's estimates for a permanent top on 156 street for two and one-half miles, of \$100,000 per mile, or a total of \$250,000. This cost estimate did not include curbs and gutters, nor any storm sewer for drainage purposes. It was decided that for the present repairs would be made to the stretch (at 125 and 128 avenue) by the public works crew. The public works committee is contacting County Parkland regarding sharing the cost. Councilors spent some time going over the off-site service study as prepared by Stanley Associates Engineering Ltd., with respect to the Alhambra University. One section dealt with sewerage sanitary sewage alternatives, and one with combined sewage alternatives between the MD, Town of St. Albert and the University. Reeve Kluthe outlined the combined proposal, explaining with the use of maps the plans that were submitted

at a meeting of the university committee. It was decided to forward a letter to Stanley Associates, giving the MD's position on any additional expansion of existing lagoons west of St. Albert, or the creation of new lagoons along the Sturgeon river. MD Sturgeon would give favorable consideration to either the establishment of lagoons north of the Saskatchewan River, or to tying into the existing City lagoon.

Mr. Ben Hoffstetter's request for cancellation of the 16 and one-half foot road allowance on SW 35-54-23-4 was not granted by council. The allowance had been taken when the property in question was subdivided into two parcels.

Council moved to advise Michel Investments that they would be interested in a sand and gravel lease for a minimum royalty of \$500 per year, at 25¢ per cubic yard for a minimum five-year lease on the quarter of

land. The company had offered the same terms, but on a one-year lease.

Mr. Sidney Kuhn of St. Albert was appointed to the position of assistant fieldman. Seven applications had been received.

The MD's application for the Alberta Ecology Corps

was approved by the provincial department, and five students' names were submitted: John Witschen and Danile Babin, Riviere Qui Barre, Noel Crawford of RR #8, Robert Supernant, Melville and Raymond Kluthe of St. Albert. Mr. Don England will co-ordinate the program during the summer months, under which the students will receive \$250 per month plus allowances for living accommodation.

LEGAL LOCALS

By Lucienne Montpetit

The department of public health tuberculosis division will have their mobile chest x-ray unit at the Legal recreation centre in the latter part of August. Everyone is urged to take advantage of this service. Les Femmes Chrétiennes are in charge of arrangements and request that completed registration cards be returned by July 24. Residents who have been missed by the canvassers are asked to contact Mrs. Norman Charlois at 598-3741.

Mr. and Mrs. Raymond Tremblay are proud to announce the arrival of their son, Daniel, born July 4 and weighing in at 6 lbs. 1 oz. A brother for Richard.

All tickets sold on the

trip to Hawaii should be turned in to Mrs. Andy Campbell by July 17. Tickets not sold may be kept and turned in by July 27, 7 p.m.

The 35 altar boys enjoyed their holiday at the lake, Mr. and Mrs. Jos L'Heureux and Mrs. May Morrisette helped organize the outing.

Mr. and Mrs. Arthur Morin returned last week from a motor trip to eastern Canada.

Mrs. Francois Ouellet has sold her home to Mr. and Mrs. Reid, and is now residing in Edmonton.

Mr. and Mrs. Rudy Stang, from Dawson Creek, and Mrs. Jos Mann and daughter Kelly, of Vancouver, are visiting with their mother Mrs. Beatrice Carrière.

Meet the new 800 Windrower

NOW ON DISPLAY

You adjust reel height hydraulically with a foot control. Tensile 50 cylinders allow 27 inches of vertical adjustment. In addition, you can vary reel speed and tooth pitch, and position the reel forward or back 12 inches.

The high tapered pickup reel on hay platforms reaches under and lifts hard-to-get lodged and jam crops. Drive pulleys measure can't get pickup reel also helps keep hay flowing evenly from cuttings to conditioner. Fine-tune reel (on grain platforms) delivers grain uniformly to choppers for shaggy windrows.

Deluxe cushioned seat has contoured armrests and backrest, waterproof cover, shock-absorber suspension, and is adjustable to operator's height and weight.

Cutterbar operates from 4 inches below ground level (for instance, in depression) to full-raised position. 27 inches above, hydraulic cylinder control working height, foot springs (optional on some platforms) set platform below ground contour.

Fully enclosed engine drive is a good example of how well the 800 is built. This is the same dependable drive as on the hydraulic lift. This deluxe windrower runs quiet, firm, in dirt. It's a completely vibration-free, never needs greasing.

Streamlined 800 is built low to the ground, but doesn't sacrifice clearance. There's a 30-inch main frame clearance, platform clears 37 inches.

Wheel-and-axle steering plus variable-speed control allow complete command, top maneuverability. Steering wheel gives natural, unloading control during cutting and gradual turns. Lower engine drive, reverse, permit pivot and spin turns. Variable-speed lever provides working speeds from 1.5 to 8 mph. You can slow down for tough spots without slowing sickle and plugging.

TRACTORS

- John Deere 5010 Tractor with cab. Excellent shape.
- John Deere 3010 Gas Tractor, dual hydraulics.

Champion two-year-old calves were also named Grand and Reserve champions of the show. Michael Quwek, left, shows the champion, and Doug Crozier the reserve.

Doug Crozier poses with his Champion Yearling at the Dairy Show, alongside Chris Mickelsen with his animal that won second-place judging honors in this class. Both boys are members of the Namao club, under leader Melvin Clark.

Champion calves wear ribbons proudly for owners Bradley (left) and Michael Quwek of Bruderheim. The brothers showed their calves at the show held July 5 on the Geoff Bocock farm.

Third in a public information series on new government programs.

Alberta's way to better housing

direct housing loans

For some of us, in both rural and urban areas of Alberta, a mortgage is hard to get.

Often both Central Mortgage and Housing Corporation and other sources cannot make money available for the purchase or construction of a home.

To assist people in this position the Alberta Housing Corporation has developed this new program.

what AHC can do

The Alberta Housing Corporation can loan you money! To construct a new home. Or, for the purchase of an existing home.

Loans are available up to 95% of the building value of a home to a maximum of \$18,000. Terms of repayment may be up to 35 years. The current interest rate is 8 1/2%.

Repayments may equal 30% of your gross income. Which means that Albertans on lower incomes can purchase their own home.

how do you qualify?

Being a resident of Alberta and that you cannot obtain financing from a conventional mortgage lending source.

Being a Canadian citizen, and an application form, completed by you, and the Alberta Housing Corporation.

MORINVILLE MEMOS

The Edmonton Girls Pipe Band has been travelling around the province, competing in Highland Games. The group will next be seen July 21 at Edmonton Clarke Stadium and is one of the entries in the Legal Fete au Village parade, July 24.

By Rose Martel

Morinville is happy to welcome Mr. and Mrs. Firmin Boddie who have taken up residence in the suite formerly occupied by Joyce Lee and family. Mrs. Lee recently moved to Athabasca.

On June 24 some 30 senior citizens who held regular card parties all last winter, gathered at the Morinville Legion for a day of fun and amusement. Hostesses for the day were Kenny De Tennancourt and Jeanne Houle. The day got underway at 10 a.m. with games followed by a luncheon at noon. The afternoon saw more card and bingo games. The program was enjoyed by all. This fall the card parties will resume again and it is hoped that bridge players will join the group.

Mr. and Mrs. Richard Remillard and family are back from a holiday trip to North Battleford, Saskatchewan. While there they attended the wedding of their eldest daughter Yvonne, who was married July 3 to Albert Veny.

Mr. and Mrs. Albert Craig and family recently travelled to Speers, Saskatchewan to attend a family wedding.

Jeannette Hittinger was a recent patient in Sturgeon Hospital. Ivy Kindle is also a patient in the local hospital.

Garry Patrick Fergusson son of the late Dr. A. A. Fergusson of Morinville, and Mrs. Margaret Fergusson of Edmonton, married Margaret Irene Henning, daughter of Mr. and Mrs. John H. Henning of Edmonton in an afternoon ceremony at St. Joseph Cathedral, Edmonton, July 10. A reception followed at the Hotel Macdonald.

Recently Shirley Byer of Edmonton and her fiancé Allan Curtis, son of Mr. and Mrs. Vincent Curtis of Morinville, were guests of honor at an evening social held in the Legion Hall. Seventy-five guests attended. Hosts were Mr. and Mrs. Jerry Vervynck of Edmonton and Mr. and Mrs. Terry Curtis of Morinville. Allan and Shirley will be married in Morinville on July 24.

Mrs. Revocat Tailleir and family have as their guests Mr. and Mrs. Inar Johnson, from Wisconsin who are holidaying in the district and visiting their relatives. Mrs. Johnson is the former Yvonne Tailleir.

Mr. and Mrs. Walter Panikw welcomed their daughter Sonia and her family, Mr. and Mrs. Walter Stagn and children, from Dawson Creek.

Roland Ricard and his three sons accompanied by his sister Jeanne Laberge and the Ricard children who have been visiting relatives in the district, Mr. and Mrs. Roland Ricard and Mr. and Mrs. Georges Morris, motored last weekend to Washington to return the visitors home.

It has been reported that the heavy weekend rains have further damaged crops in many parts of the Sturgeon MD. So far, four hail storms have added their toll to various parts of the district. Namoo south, north east of Legal, and the south west part of Calahoo all reported hail recently.

According to Ralph Gaetz local Alberta Wheat Pool Agent, there has been a total of 8.65 inches of rainfall in Morinville since June 1, 1971. The total for June was 4.10 and as of Monday, July 12 at noon, a total of 4.75 so far for July, with only two rain free days out of 12.

Legal plans big weekend, July 24-25, Fete au Village

July 24-25, that is the date for Legal's Fete au Village (Village Holiday) where city and rural residents meet for a weekend of fun.

Visitors will be greeted by Legalians decked out in their Courreur de Bois (early French Canadian) costumes.

Flapjacks a la Canadienne will be served to all, starting at 8:30 a.m. Saturday. The parade goes at 10:30,

down main street to Citadel recreation park where the Edmonton All Girl Drum and Bugle band will perform at 11:30, followed by the Klondike Kids motorcycle team from Edmonton.

All children will be admitted free to the grounds where two daily gate prizes of \$25 will be offered. The draws for these will be made at 7 p.m. at the information booth.

Baseball teams from Westlock, Redwater, Barrhead, Morinville, Fawcett, Linaaria and Legal will compete in the \$1,000 ball tournament. Games are slated for Saturday at 2, 4 and 6 o'clock. The semi-finals will be played Sunday at 12 noon and 3 p.m. with the finals going at 6 Sunday evening.

Gymkhana events will feature riders from Thorhill, Westlock, Red Deer, Slave Lake, Lamont, Busby, Gibbons, Onoway, Mayerthorpe and Legal's Pancho club. A midway with games, souvenirs, concession booths, tea room, fish pond, bingo and rides will provide enjoyment for young and old. Also featured are a horse-shoe tournament and pancake eating contest.

The crowning of the Queen, Mile Fete au Village, will take place at 8 p.m. Saturday. The candidates are Jean Clement, Rita Larose, Lillian Brissou, Bonnie Campbell, and Cecile Van De Walle.

Dancing to the music of the Satefites starts at 9 p.m. Saturday at the community hall.

Top notch auto drivers will perform at the demolition pit at 1 p.m. Sunday. The bandshell will feature free entertainment during the afternoons, both days. Treat your family to a delicious barbecued steak for supper. A variety of French dishes will be served at the Village restaurant.

Citadel Jamboree, at the arena Sunday evening, will provide a variety of entertainment for the whole family. Featured here are the Vos family singers from Calgary, French vocalist Ghislaine Bergeron, weight lifters and other performers. The draw for a trip for two to Hawaii will be made immediately following this program at the arena.

Fireworks will bring the two-day festivities to a close.

Alberta's Human Rights Act Extended.

Effective July 1st, amendments to The Human Rights Act, which currently prohibits discrimination in employment, public accommodation, public services and apartment accommodation on grounds of race, colour, religious beliefs, ancestry or place of origin, became effective so as to further prohibit discrimination in public accommodation, public services and apartment accommodation on grounds of sex, and in employment on grounds of sex, marital status and age (age being interpreted as 40 to 65 years).

New Pigs

Continued From Page 5
prevention and up-to-the-minute management methods.

Cameron Colony has adopted the Alman system which goes by the trade name Nupork Livestock Ltd. and the relationship has been a happy one. Confinement rearing isn't new but it takes very careful management.

The farm is making unexpected profits from its hog operation and Dr. Alman has a working model which amounts to a manifestation of his ideal hog farm.

SPECIAL METHOD

The buildings are temperature controlled, specially designed in every de-

tall and, through elementary ventilation and roof shaping specifications, the pigs sleep in one part of their pens and evacuate in the other part. The latter is serviced by a grille over a sewage system, virtually eliminating opportunities for germs.

Dr. Alman also keeps each sow and her litter isolated from every other sow and her litter on the theory that each litter possessed sufficient resistance in the bacteria growing around its own mother, but may not be resistant in the bacteria of other sows and their litters.

The Alman system also prescribes correct nutrition and puts a premium on sanitation and a positive approach to herd health as

opposed to what he describes as the "more costly and ineffectual business of using drugs."

Nupork pigs have been developed over a period of 20 years cross-breeding Landrace, Yorkshire and Hampshire breeds.

Piglets at Cameron are weaned in 21 days, compared with 42 days in the industry, allowing the sow to return to her heat cycle more quickly.

At Cameron Colony sows have been averaging 21.6 market animals per year in the first year of the operation. This compares with about 14 for the average sow.

To continue the list of advantages, Mr. Hofer said his pigs reach the market in less than 170 days, compared with the average of 200 days.

Cameron grading slips show the pigs have been graded at an average federal score of more than 105.

The Cameron Colony bookkeeping department is where the real advantages of the Nupork system show up, said Mr. Hofer.

On a 100-sow operation Cameron can produce about \$20,000 per year more revenue over the average Canadian hog producer, and do it with less food, drug, and labor costs.

Welfare control hardened

The Trudeau government will not bargain away its existing control and jurisdiction over "social policy" in Canada in return for provincial government agreement on a formula for patrician and amending the Canadian constitution. Hyman Solomon says this is the hard position Ottawa will take at the mid-June federal provincial constitutional meetings in Victoria if the provinces -- Quebec in particular -- insist on either or confrontation. Short of such extremes, however, Ottawa is willing to negotiate and explore several means of providing the provinces with a greater measure of flexibility in running and adapting the various shared-cost programs in the health-welfare field.

AROUND TOWN

The Breakfast Lions Club is taking St. Albert's senior citizens to Elk Island for a picnic on July 25. An invitation is extended to all older residents to take in this outing and there is no charge. The Lions will provide the picnic lunch and transportation. A bus will be at St. Albert Community Hall at 9:30 that morning, and will leave at 10 o'clock sharp. All senior citizens planning to go are requested to telephone Mrs. Atkins at 599-7118.

Worried over what to give his girl for her birthday, a boy asked his mother for advice.

"Mom," he said, "If you were 16 years old tomorrow, what would you want?"

Her heartfelt reply: "Not another thing!"

Bank of Montreal
The First Canadian Bank

One of our managers:
What are
his views on loans?

At the Bank of Montreal, we consider every loan application on its individual merits. We want you to get your money's worth.

Dick Filitier:

"Last year, I met a businessman on a local golf course and he asked me about a loan for a car. But, when he came to see me, he'd changed his mind. He wanted a boat instead. So I arranged a combined loan and savings plan for him. Now he owns both a new car and a sailboat. The money was within his grasp -- he just didn't know how to organize it."

Local Guides participate in Trek-Along

Four St. Albert Girl Guides are taking part in Alberta's 1971 Inter-provincial Girl Guide event, the Alberta Trek-Along. This is a travelling experience, involving girls from all across Canada.

Local Guides participating are Jillian Leggett, Joanne Harvey, Heather Tomlinson and Debra Yeats.

Twelve girls from across Canada will join 12 Alberta girls and leaders in Edmonton this week to begin a 10-day bus tour of central

and southern Alberta. The girls are aged 14 - 16. The bus leaves Edmonton Friday, July 16, headed for Drumheller and three days of exploring the dinosaur valley.

The girls, who come from Newfoundland, Quebec, Nova Scotia, New Brunswick, Ontario, Manitoba, Saskatchewan and the Yukon, as well as Alberta, will be billeted in a school in Drumheller.

The next three days will be spent at Camp Mockingbird, in the foothills near

Calgary. Here the girls will take part in overnight back packing trips and will enjoy camping and nature study.

The group will then move on to Banff for three days of sight-seeing in the scenic Rockies. Visits to museums and shopping for souvenirs will be included in the program.

During the last days of their visit, the out of province girls will be billeted in the homes of the Alberta girls.

The girls will have their final get-together in Edmonton, July 28, before returning to their respective homes again.

In charge of the program are Mrs. J. R. Helms, Mrs. L. S. Hand and Mrs. W. Maynes, all of Edmonton, and Mrs. J. R. Chapman, of Calgary.

An impatient business executive fumed because the elevator didn't arrive quickly. "Where have you been?" he snapped at the operator. "Where can you go in an elevator?" was her reply.

AROUND TOWN

Mr. and Mrs. Carl Haman, of Las Vegas are visiting in St. Albert. Mrs. Haman is the former Mrs. Dunser of St. Albert.

Patrick G. Coleman, son of Mr. and Mrs. H. G. Coleman, 20 Sunnyside Crescent, has been accepted in the freshman class of 1971-72 at the Berklee College of Music, Boston. Patrick's curriculum will include courses in arranging, composition, improvisation, solo and orchestral performance, as well as courses in the humanities. Upon graduation from Berklee, Mr. Coleman will be qualified as a teacher, musician, arranger and composer.

The youngsters on Gainsborough Avenue, a high-density avenue when it comes to kids, are having a ball! There are glorious chunks of lovely yellow clay all along the street, dropped off by trucks working at the far end. Ideal for throwing at fences, stamping into driveways and such other fun purposes as occur to them daily. The moms have another expression for the clay too - *the dog's mess*.

A penny carnival was held last Monday on Sheridan Drive. The organizers were Tim and Bernice Penner; Colin and Trent Parayko; Liane and Marty Scheibel; hofer; Franz Opderheyde and Susan Thompson. The youngsters netted a total of \$8 which they are sending to the Winnifred Stewart School.
